file extensions
How can 'mix data' e.g.
- Artory

* Let us know what you think
- what have you done with data - from
- custom data - where have you done
- using Google
- look at it to be based on it to be clear it's different

Make it easy to find
- get it top on Google!
- Celebrate and Mapping Things that are already happening
- check clarity of copyright - clear inclusion of license

PCC to look at more data
- what?
- easy appearing of missing

Solar panel data
- classifed
- metadata structure
- Council information about

Make it easy
- Check data
- Common identifier to make it easy
- geo coding

Lightning bolt
- support

Who's pledged what

Champions

GAIN has provided
£3,000
of match funding for this project

Why we've backed this project:
GAIN is proud to support South West businesses and through Crowdfunder welcome innovators to the GAIN20 network. For more information on the GAIN20 please visit <https://gaininbusiness.com/>

Plymouth City Council has provided
£3,000
of match funding for this project

Why we've backed this project:
Plymouth City Council are supporting the projects that help improve the city through Crowdfunder Plus, and make it a great place to live, work and play.

River Cottage has provided
£500
of match funding for this project

Why we've backed this project:
We love TruVision and can see how this break through technology will make a real difference. We're proud to be using TruVision for a new build project at River Cottage.
